

Handle	Insert
Polyamide (Glass-fiber reinforced) Black matte	Brass

Part Number	L (±0.5)	L ₁	L ₂	H	A	B	U*	Panel Height **)	E	Mounting	Weight (g)
AGRC110	88	112	74.5	36.5	13.5	9	3	132.5		26	
AGRC140	120	144	106.5	42	15	11	4	177		34	

*) 1U=44.45mm

**) Panel Height = U × 44.45mm - 0.8mm

Feature:

These handles comply with the IEC standard for the 19" rack

Caution

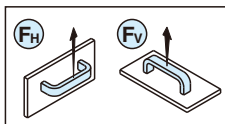

Use in hot or highly humid circumstances can deteriorate the plastic properties.

Technical Information

Working temperature : -30 to 130°C

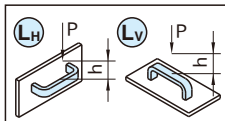

Strength Data

Part Number	F _H [N]	F _V [N]	L _H [J]	L _V [J]
AGRC110	2,000	2,200	11	9
AGRC140				

Tensile Stress

The stated F_H and F_V values denote an average breaking load obtained in a breaking test.

Impact Strength

The stated L_H and L_V values denote an average breaking load obtained in a drop test with a hard ball of 6.7N
 $L(J) = P(N) \times h(m)$
