

EAG-CF

ERGOSTYLE BRIDGE HANDLES

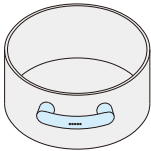

ELESA Original Design EBP.FLX

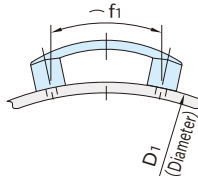

Handle	Cap	Insert
Polypropylene plastic Black matte	Polyamide plastic Black Matte, Orange Matte, Gray Matte, Yellow Matte, Light Blue Matte, Red Matte	Brass

Part Number	A	B	C	D	E	G	J	K	Weight (g)
EAG140CF	144	39	91	26.5	8.5	26.5	8.5	117	56
EAG180CF	178	45	122	28	9.5	32	14	150	67

· Can be mounted on diameters of 300mm to 800mm.

· f_1 is the distance between the centers of the mounting holes on the arc.

- Working temperature : Between 0°C and 80°C
- Use in hot or highly humid circumstances can deteriorate the plastic material properties.
- A handle and caps are packed separately and not delivered in assembly.

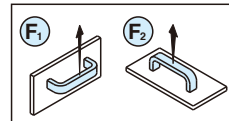

Part Number	f_1
EAG140CF	$0.044 \times D_1 + 81.5$
EAG180CF	$0.056 \times D_1 + 102.8$

Strength Data

Part Number	F1[N]	F2[N]
EAG140CF	1000	1000
EAG180CF		

Ordering Example

EAG140CF - BR		Color Code	Cap Color
Part Number	Color Code	OG	Orange
		GR	Gray
		YE	Yellow
		LB	Light Blue
		BR	Black
		RE	Red

Tensile Stress

· The stated F1 and F2 values denote the average of the breaking loads measured in a breaking test under normal working conditions.
