Part Number		Weight (g)
Countersunk-Head Screw Mounting	Socket-Head Cap Screw Mounting	
EWHS110S	EWHS110H	26

- The closed style allows protecting operator's fingers.
- Working temperature : Between -30°C and 110°C
- Use in hot or highly humid circumstances can deteriorate the plastic material properties.
- A handle and caps are packed separately and not delivered in assembly.

Application Examples

Mounting on single swinging or gatefold doors

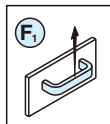

Ordering Example
ESH110S - BR

Part Number Color Code

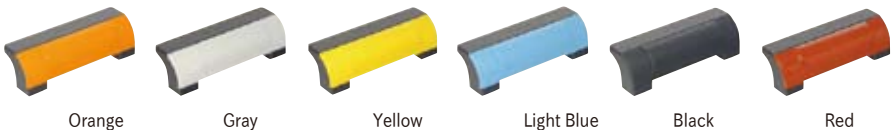

Color Code	Cap Color
OG	Orange
GR	Gray
YE	Yellow
LB	Light Blue
BR	Black
RE	Red

Tensile Stress

Part Number	F_1 [N]
ESH110	90
EWHS110	

Tensile Stress

·The stated F_1 values denote the average of the breaking loads measured in a breaking test under normal working conditions.
